Miners Oppose New Wage-Hour Schedule

Thinking Out Loud

By H. M. L.

Senators Wheeler, Clark and Nye are a trio of futillties, except for the fact that they prove again that this is a free country. Their agony regarding the convoy of U. S. war merchandise to Great Britain is just another of those useless exercises that King Canute initiated when he tried to sweep back the waves of the ocean. The people of this country are overwhelmingly in favor of giving the British Empire all out aid. The big majority are in favor of it for the realistic reason that it is easier and less costly to do that than to confront the perils that would follow the fall of England. Wheeler, Clark and Nye, we suspect, are actually more concerned with scuttling the New Deal regime, for reasons of personal spleen, than they are concerned over the probable sinking of American war ships and freighters. This is a free country and we are glad that they can mount their rostrum and utter their earnest warnings and prophesies, but we just can't can "hold with them," as grandpa used to say.

It takes a conisderable time for the majority of Americans to make up its mind, but by calling on that horse sense, which is one of our heritages from the time of the founding fathers and earlier, all logic seems to point to convoys and quickly, within the next few days. If we are to spend seven billions plus for British aid, there is surely no sense in having it sunk before it reaches the fighting front lines, where it will be an aid. If 40 per cent of our munitions and food supplies are now being sunk before they reach British ports, that would indicate that we would have to raise our ante for British aid to around ten billions, to give British seven billions worth of aid. It will probably be much cheaper to convoy our supplies even though the percentage of sinkings grew no greater.

We think the picture painted in Washington of the dire need in which the British stand, dark though it is, is blacker than the facts warrant. For instance, most experts agree that one of the most essential implements of war are bomber planes. These are going forward in increasing numbers, and they need no convoying. They arrive in Enkland in one hop from Canada, and they are almost instantly ready for business. Smaller fighting planes must make more than one hop, or go by way of the cargo boats. But we believe that one of the advantages, through the summer at least, of the new U. S. base in Greenland, will be to permti fighter planes to make England in two hops, perhaps three, if Iceland is still in British hands.

But for food, clothing, powder, ordnance, and many other things helpful to Britain in her emergency ships must be used. There must be enough of them and they must be sufficiently protected to reach English ports, in time to be effective. If we do not see that this is done, we will see, quite literally, our seven billions for British aid, or most of it, tossed into the depths of the sea. That in all probability would mean doubling or trippling out colossal expendture for the inevitable struggle with the dictatorships for world supremacy, a battle in the Atlantic and Pacific oceans, in which even Latin America might very likely be pitted against us.

BULLETIN!

THE COMMITTEE OF FIVE APPOINTED AT A MASS MEETING OF IDAHO-MARYLAND, BRUNSWICK, AND BULLION MINERS YESTERDAY TO PRESENT A DEMAND FOR A FIVE WEEK, $1.24 PER DAY RAISE, TO THE MINES MANAGEMENT ISSUED THE FOLLOWING REPORT TODAY:

"DUE TO THE CONTRACT WITH THE MINE WORKERS PROTECTIVE LEAGUE THE MANAGEMENT REFUSES TO NEGOTIATE WITH THIS COMMITTEE."

Work Schedule Change Will Be Effective In Five Mines In Area, Commencing May 1st

The following statement of the change in the wage and hour schedule at the Idaho-Maryland, New Brunswick, Bullion, Golden Center and Lava Cap Mines was released by the Idaho-Maryland Mines Corporation in behalf of the four gold mining companies affected:

Four local gold mining companies, Lava Cap, Idaho Maryland, Grass Valley Bullion and Golden Center have just announced that hourly wage increases and revised working schedules have been adopted, effective May first. While this announcement closely follows the recent assertion of the Wage and Hour Administrator that he has jurisdiction over all metal mines, including gold mines, the attorneys for the companies have advised them that in their opinions gold mines are not subject to the act. The managements of the companies and their attorneys have decided, however, that in these times of crisis and confusion they, as good citizens should avoid all unnecessary litigation. They have decided, therefore, to meet the situation by making slight increases in their hourly wages and a slight reduction in hours worked.

Lunch Time Not Included

Under the new schedule all employees will eat lunch on their own time. Underground men on the day shift will go down at 7 A. M. as at present but will be hoisted at 3 P. M., half an hour earlier than at present. Corresponding changes will be made for other shifts. Thus each employee will work only 7 1-2 hours a day, exclusive of lunch time, making 45 hours of work each week instead of the 48 hours worked at present. The increase in hourly rates, with time and a half for all hours worked in excess of 40 hours each week, however, will make weekly pay for the new 45 hour week slightly more than for the present 48 hour week.

League Holidays and Days Off

In order that employee earnings may not be reduced, the operators have announced that in weeks containing Mine Workers Protective League holidays work schedules will be so arranged that employees who do not normally work on such holidays will have a chance to work on a Sunday before or after the holiday to avoid the loss of overtime pay. When such Sunday work is not available, five hours of overtime pay will be granted for work on the fifth day of the work week, instead of on the sixth day. Generally the mines will continue to work six days a week and the practical result will be that each man will get five hours of over time pay every Saturday that he works a full shift.

Alvin Bates Polls Highest Vote In Saturday Election

Hal Draper, local assayer, and Alvin Bates, employee of the Pacific Gas and Electric Company, were selected by Nevada City voters Saturday to succeed Horace Curnow and Thomas Richards on the Board of Education of the Unified School District.

Both Richards, president of the board, and Curnow retired after many years of service on the board.

The new president will be elected at the next meeting of the board.

Bates received the largest number of voter. Bates polled 208; Draer 146 and Herbert Hallett 127.

MILITARY DRILL IN HIGH SCHOOLS IS IN PROSPECT

SACRAMENTO, April 28.—School boards are authorized to establish military training courses in high schools by a bill which is being sponsored in the legislature by Assemblyman Jacob M. Leonard of Hollister and Allen G. Thurman of Colfax.

The proposed measure provides that the courses comply with federal laws made in connection with the establishment of Reserve Officers Training Corp in educational institutions.

No student would be required to enroll in the courses, according to the bill.

Another measure of which Assemblyman Leonard is the author provides for an appropriation by the state of $65,000 for the purchase of property and improvements at the National Guard training camp in Santa Cruz county.

ST. AGNES GUILD

St. Agnes Guild will meet at the home of Mrs. H. M. Leete on Thursday at 2 o'clock for its May meeting. The president Mrs. E. E. Barker requests that all members attend. Mrs. Lloyd Dudley is chairman of the tea committee.

PINK DOGWOOD

In the J. K. Osborne gardens on the Ridge road is a beautiful pink dog wood in full bloom a most unusual picture, the lovely blossoms literally covering the twigs—the green leaves are not yet out—only pink blossoms.

Forest Service Staff Here Attends Meeting In El Dorado County

Supervisor Guerdon Ellis, Assistant Supervisor Ernest L. Baxter and Charles Sverheart and B. C. Goldsmith of the Tahoe National Forest staff attended the meeting during the weekend in Placerville of the Northern California section of the Society of American Foresters.

The forest service officials were taken on a tour of the logging operations of the Michigan-California Lumber Company and inspected the Institute of Forest Genetics near Placerville as well as the El Dodaro County state ranger headquarters.

GIRL MISSING

Jackie Landry, local high school student, has been missing since Wednesday and local officers have been asked to assist in the search for her.

Idaho-Maryland, Brunswick, Bullion Miners Demand Five Day Week With Same Rate of Pay Received For 6 Days

THREATENING A WALKOUT IF THEIR DEMAND WAS NOT MET, 350 EMPLOYEES OF THE IDAHO-MARYLAND, NEW BRUNSWICK AND BULLION MINES VOTED YESTERDAY TO ASK FOR A EIGHT HOUR FIVE-DAY WEEK AT THE PRESENT RATE OF PAY, WHICH WOULD MEAN AN INCREASE OF $1.24 PER DAY.

A COMMITTEE OF FIVE, COMPOSED OF EVERARD J. LeDU OF THE BULLION MINE, CARL J. TOBIASSEN, JR., AND EDWARD HAMILTON OF THE NEW BRUNSWICK AND CLIFFORD SONNE AND HAROLD E. SCRIBNER OF THE IDAHO-MARYLAND, WAS ELECTED TO PRESENT THE DEMAND TO GENERAL MANAGER ALBERT CRASE OF THE THREE MINES TODAY.

Meanwhile, President Olney Donnelly of the Nevada County Mine Workers Protective League, with which the three mines have an 18 months contract, recently signed, said in the event of a walkout he would tell league members to remain on the job.

Donnelly said the men are making a "foolish move," pointing out any steps they take will be illegal, inasmuch as the league is recognized as the sole bargaining agent for the employees of the mines.

The walkout is scheduled for Thursday, spokesmen for the miners stated, if the demand is not met. On that date a new wage and hour schedule, giving the men 45 hours of work per week with time and one half for the five hours over the 40 hour limit, has been announced to go in effect at the Idaho-Maryland Corporation mines, the Bullion, Lava Cap, and Golden Center, May 1st.

PETITION AT LAVA CAP

The following petition is being circulated at the Laaa Cap Mines here today:

"On due consideration of the wage and hour problem, we think in order to compensate the financial loss due to the 40 hour week that each man should have an increase of $1.24 per day for five eight hour shifts, and time and one half for Saturdays. Sundays and holidays and any other service required by the company in excess of eight hours. Unless this resolution is adopted and becomes effective, we the undersigned refuse to go to work May 1st:"

Native Of This City Who Won Musical Success Is Visitor Here

A Nevada City native who made good in the musical world came back here last week to visit the haunts of his childhood and to see people whom he knew when he left.

Albrt Veal, son of the former master of the town band here, rose to the top in the musical profession after leaving Nevada City. His playing of the trumpet was outstanding. He became an orchestra leader and his band played in the famous Waldorf-Astoria Hotel in New York.

Veal is a cousin of Ben Veal of this city. He stayed with the Veals here several days. Among old friends with whom he visited was Mrs. Clara Scarfe of Boulder Street and George H. Calanan. Mrs. Scarfe and Calanan had the pleasure of listening to Veal play for several hours.

Friday Veal entertained high school pupils with a concert at general assembly.

RITES CONDUCTED HERE TODAY FOR MARY J. LEONARD

Funeral services were conducted at the St. Canice Catholic Church here this morning for Mrs. Mary Jane Leonard, 77, a resident of Nevada City many years and prior to that a resident of Sweetland on the North San Juan Ridge. Mrs. Leonard widow of Patrick H. Leonard, died Friday night at her home on Wet Hill.

The funeral was under the direction of the Holmes Funeral Home. Interment was in the Catholic Cemetery.

Mrs. Leonard leaves three daughters, Nellie Leonard, Mrs. W. E. Sullivan and Mrs. Melvin Lang, all of this city and two grandchildren, William Lang and June Sullivan.

SEEKS PAROLE

Irene Blackwood, convicted of manslaughter for aiding her husband in the double slaying of Arthur LeValley and James Root near Grass Valley two years ago, is again seeking freedom from the board of paroles of the Tehachai State Institution for women. She was denied a parole once before.

Bill Bennett, son of Mr. and Mrs. Ellsworth E. Bennett left Saturday to enter the Air Corps at Ontario, California.

Untimely Passing Of D. W. Godfrey Widely Regretted

Leaving many relatives and friends to mourn his untimely passing, Delbert Wallace Godfrey, 36, who followed his profession as mining engineer in the Philippine Islands for 10 years and in South America for two years, died at Weimer Friday night from tuberculosis, believed contracted in his work.

The funeral services for Godfrey were held at the Holmes Funeral Home this afternoon with the local Masonic Lodge officiating. The deceased was also a member of Oustomah Lodge of Odd Fellows.

Godfrey, a native of this city, is survived by his wife, Mary C. Godfrey, a daughter, Joan Godfrey, his mother, Mrs. Annie Godfrey of Nevada City, four sisters, Mrs. Beatrice Dolsched and Mrs. Elizabeth Trussell, both of Sacramento, Miss Beryl Godfrey of Nevada City and Mrs. Ruth Robinson of Alleghany and two brothers, Donald Godfrey of Alleghany and Albert Godfrey of Pasadena.

REPORTS BURGLARY

Charles Gearhart of You Bet reported his home was looted while he was at work. Several blankets, a watch and rifle were among the articles taken. The sheriff's office is investigating.

GRAND JURY MEETS

The 1940 grand jury met at the courthouse here today to submit its final report of the year to Superior Judge George L. Jones.

R. J. Bennetts is foreman of the jury.

Spends Weekend Here—

Roy N. Nelson of Oakland linotype machinist, was a visitor at the Mr. and Mrs. H. F. Sofge home during the weekend.

The mass meeting of Brunswick, Idaho and Bullion miners yesterday in Grass Valley followed the posting of a notice on the bulletin boards at the mines of the new schedule.

The meeting was presided over by Homer Owens, Brunswick Mine employee. Jess Johnson of the New Brunswick acted as secretary. The vote for the five day week plan with the same pay as they are now receiving carried approximately 3 to 1 after several hours of discussion. Others favored six eight hour days with time and one half for the eight hours over forty.

One speaker at the meeting said if the present demand was rejected it was "time to get a labor organization in here to fight for what we want."

Another declared:

"Let them shell out; they got lots of money."

Several of those who addressed the gathering said previous efforts to obtain anything from the operators had always collapsed and urged the carrying through of the present demand to the "bitter end."

In the meantime the Spring Hill announced it would place its employee on a 45 hour week schedule, paying five hours time and one half.

The action of the mines in adopting the new work schedule is the result of an announcement by the wage and hour administrator that the gold mining industry comes under the provisions of the act, despite a federal district court ruling the National Labor Relations Board Act did not apply to gold mining in this state because there was no interstate commerce connection.

In addition to office and private operating personnel, the Idaho-Maryland Mine, New Brunswick and Bullion Mines employ in excess of 900 men.

The Empire-Star Mines, Ltd., which operates five mines in the county and employs approximately 1,000 men, has indicated it will con-

They're Our Sons!

Among the letters filtering home from boys away at camp there's a recurring note that makes the folks at home boil with indignation.

Occasionally, it seems, lads in uniform aren't welcomed too heartily in the restaurants, theatres, hotel ballrooms and other public places where, before they donned the khaki, they and their money were hailed with delight by masters of ceremony and bracs of waiters.

Nothing could be more unAmerican than that situation. The U. S. uniform doesn't make a plaster saint of a young man, of course—unless he was one before he put it on. But it certainly shouldn't be the signal for the brush off either. Proprietors of places whose doors aren't open to uniformed young men who behave themselves at least as well as others in civilian attire, should be reminded of one thing:

Most of those homesick young soldiers would prefer to be in school, learning a trade or working at a job than to face the prospect of going into battle; they didn't ask to be drafted. But those same fresh-faced kids will fight and die first if occasion arises to protect this country. They're rich and poor, unknown and illustrous, farm boys and city lads—boys from the best families and the worst. By far the majority come from the great middle class cross section that's the salt of the land—and a healthy part of its first line of defense.

They're our own sons, from homes in this community and every other in the nation.

Public indignation at any ill treatment of our youngest military men will be the greatest damper on its continuance. In addition when the boys come out of training and don their "civies" again, they won't be apt to forget which doors were open to them, and which were closed.—Contributed.

A Little Friendship

President Ray Lyman Wilbur of Stanford University remarked the other day that the color of the skin is a poor criterion of the man inside. "The more sun," he declared, "the more pigment in the skin—but not necessarily the fewer convolutions in the cerebrum."

With race subjugating race, with minority baiting in the escendency and the philosophy of power and conquest prevailing in half the world, it is not without a certain gratitude and satisfaction that we read of the work of the Council for Unity Among the American People. One week recently, reports Eugene Block, former news editor of the San Francisco Call Bulletin, the council held a friendly get-together with a Polish literary club, then a Japanese group and finally a company of Russians. The council says Block, represents some 30 national groups, and its purpose is to give all nationals the opportunity of working together for the betterment of the American way, building a closer bond between all peoples regardless of national origin, religious beliefs or color of skin.

With prejudice and misunderstanding daily wedging race groups farther apart, it is good to know there are still nationals really working to understand one another and to remind a seething world that it is possible to live together in friendship. —Contributed.

You're In Business Now!

The tourist season shortly will be on again full tilt. In this community as well as the rest of the state, that means business—business we need, business we enjoy and business in which we have an inherent right to our share. But 47 other states also are bidding for the tourist trade, and spending nearly six million dollars this year to share it.

What can the average citizen do to nurture and sustain the tourist crop?

Briefly, he can do his bit to make visitors like it here. He can act in a friendly manner when he's asked the usual monotonous tourist questions. He can spruce up his own yard and his business premises. He can put on a bright face even though it hurts. He can write letters to relatives and friends who might be persuaded to vacation here instead of Florida or Maine or Mexico. He can get pamphlets from the chamber of commerce or Californians, Inc. and other agencies and send them out where he thinks they will do the most good.

Every day a traveler prolongs his stay here means dollars in the till of California business of every kind, dollars that bounce along into other channels wholly unrelated to direct tourist trade. It's good, legitimate home industry—a business in which every Californian is an active partner.—Contributed.

Good Weather, Good Fishing Are The Prospects For Trout Season Opening In This Area

The opening of the trout season Thursday will find Nevada City a practically deserted community. Present indications point to good weather and good fishing.

Nearly every stream in this area is expected to offer good results opening day. Many local anglers plan to reach some of the lakes for their opening day fishing. The first week end of the season for their opening day fishing. The first week end of the season will also find many going to the lakes, even though they have to buck snow to reach their favorite fishing spots.

Downieville's old timers and expert fishermen have sized up the prospects for the opening of trout season and all opinions pointed toward excellent chances of obtaining limits with bait in that area.

Most of the fishermen's activities will be confined to the North Fork of the Yuba River and its tributaries, all good trout streams but some of the hardier anglers will push the way into the lower lakes.

The stream and river fishing will probably be the best for those who must regard the time element. For a week end fishing trip Sardine and some of the other noted Sierra lakes may be found to be productive. It will be harder to reach the lakes, because of snow but by the time the season opens it is hoped Lower Sardine Lake will be accessible by automobile.

Vic Cassidy, one of the most ardent Downieville fishermen said bait, either worms or salmon eggs, will probably be the best lure during the first few weeks of the season. The North Fork of the Yuba River runs right through Downieville and only a step or two will bring the angler to good fishing holes.

Cassidy said it will not be long after the season opens, if the weather remains good, before flies will be taken by the trout.

RANGER JOHN HODGSON DESCRIBES SPECTACULAR TROPHY SKI RACE

By JOHN R. HODGSON
District Ranger, Tahoe National Forest

According to forest service officials, the Silver Belt Trophy event at the Sugar Bowl on April 20 marked the induction of spring skiing in the Donner Trail area. arm weather and smooth granular snow indicates that spring has come to the snow fields and winter sports of the west. Some 3500 skiers took a new lease on life on the slopes of the Tahoe National Forest last week end. Gone were the incessant blankets of new snowfall and in their place were the smoothed out field of granular snow. Spring time on the snow slopes has become a gala event in itself.

It will be worthwhile next year if transportation can be arranged for those who would like to see the Silver Belt Trophy race from the finish line. At present one must ski or snow shoe from the lodge to the bowl under Mt. Lincoln. Many would come to see this colorful event who do not ski and they would be well repaid. Such an event cannot be well described. The tiara like spires towering over the Sugar Bowl proper do not lend themselves to the printed description. The turquoise tints of Mt. Lincoln; the intent and excited crowd of colorful skiers are best seen by the human eye. There is a semblance of sun worship of older times as this crowd of skiers gathers in the amphitheter beneath towering Mt. Lincoln. Perhaps it is the magnificent setting; there is certainly a subdued air of silence and the usual parlance of ski crowds as the fore runner of the daay's ecent announces the course is ready.

Far above the Sugar Bowl on the westerly crest of Mt. Lincoln can be seen a row of skiers and race officials outlined against the sky. The sets of blue control flags at the gates flutter in a light breeze. The track is cleared and the timers are ready. There is a hushed silence as all eyes strain to see the poised contestant on the sky line. The measured radio signals of the starter fall—5-4-3-2-1—"Go". A figure shoots from its perch on the skyline rim and the first contestant is on the way down. Before it seems humanly possible the first skier shoots between control flags on the steilhung, an almost perpendicular slope directly before the crowd. Down this snowy face the skier winds, twisting and turning between the sets of flags until the first set on the straight away is reached. There is the crackle of high speed skiing and a figure crouched almost down on his skis slithers past the finish line with the speed of a crack express train. Stop watches click, there is a hearty applause, and the first contestant is safely down. The gathered multitude saw what it sought—the utmost in controlled skiing. When some 45 contestants have made the descent, excitement is over for the day, the sun has swung toward the west and the last golden rays reflect from the spires above the Sugar Bowl. A quiet grandeur prevails over this gem in the heart of the Tahoe National Forest.

Bureau of Markets Establish Milk Prices For Placer-Nevada Area

The Bureau of Markets of the State Department of Agriculture announced in Sacramento today that the modification of the area, the stabilization and marketing plan and the schedules of minimum wholesale and minimum retail prices for fluid milk for the Placer Nevada Market—ing Area will become effective May 1st.

The boundaries of the Placer-Nevada Marketing Area have been modified to include all of Placer and Nevada Counties with the exception of all that territory east of Emigrant Gap, and that portion of Placer County west of the town of Newcastle.

The plan calls for a producer price of 72 cents per pound milk fat. This is substantially higher than the average price being paid to producers by distributors in this area at the present time.

The price schedules establish a minimum price of 12 cents per quart at retail stores and 13 cents per quart, retail home delivered.

For consumers who purchase milk in larger quantities, the department has made effective a half gallon container price of 23 cents at the store and 24 cents delivered to the home.

These prices are based upon milk containing 4.5 per cent milk fat.

Mrs. Helen Miller of Sacramento is spending a few days in Nevada City. If she can find a suitable house she will, with her family, spend four or five months here. Mrs. Miller, formerly Helen Riss, is a graduate of the Nevada City High School. When living here she resided on Nevada St. Her husband, Carl Miller is an insurance man of Sacramento.

Return From Vacation—

Mr. and Mrs. Walter Cherry returned Friday night from a two weeks vacation. Cherry resumed his duties as the manager of the local Purity Store today.

THINKING OUT LOUD

(Continued from Page One)

We learn from Washington that President Roosevelt is gravely considering extending the "neutrality patrol." This will not deceive anyone with a spoonful of brains. The neutrality patrol, so-called means convoys, and the President's reluctance to call a spade a spade is one of his irritating consistencies. Germany will make no distinction between the two terms and there is no reason why this country should not have facts called by their right names. If we use neutrality patrols to escort ships to Greenland, as seems likely, it "means shooting" as the President once remarked, "and shooting means war." There is a chance, of course, that Germany rather than actually provoke the United States to war, before its final attempt to reduce the British isle, might avoid a clash. There is, perhaps a slight chance Hitler would postpone the issue with the United States.

Lacy Jones, stationed at Camp Ord, spent the week end with his mother, Mrs. Lacy Jones.

English Letter Says:

"Hitler Knows He Is Beaten Now U. S. With Us Till End"

(Editor's Note: H. U. Maxfield, director of the Original Sixteen to One Mining Company, has received another interesting letter from A. Beeby Thompson, his close friend, in London. The letter follows.)

March 26, 1941.

H. U. Maxfield Esq., 1611 Russ Bldg., San Francisco, California.

Dear Mr. Maxfield:

So many thanks for your kind letters of sympathy. America is now in with us till the end and Hitler who knows he is beaten will do us and all his enemies as much damage as he can. The nightly visitations of hundreds of planes are somewhat disturbing. The toll of hospitals, the churches, schools, nurseries and the working class houses continues. Nothing will make them squirm and squeak more than to have their homes bombed and disagreeable as the idea is to us it will have to be done if we want to get any consideration. Unfortunately we have so far to go and they so short distance from their French aerodromes. Friendly Frenchmen wave to our planes passing over France when there are no Huns about. What a difference the disaffection of France made to all our plans. Now the Atlantic is a source of anxiety with raiders and submarines dodging about all over the place. However, very soon you and we will be policing the Atlantic with aeroplanes and give the boats some running about.

Mussolini is the most stupid of the gang as he had all to lose and little to gain with Germany intent on the main grab of territory. I do hope we never admit Germany or Italy into Africa again.

My family is fit and our news from Mrs. Forbes is satisfactory. She seems to have recovered her health and writes more cheerfully. She was so grateful for your kindly attention and sympathy for she had a very worrying time.

With kindest regards, yours very sincerely.

A. BEEBY THOMPSON.

LEGAL NOTICES

NOTICE OF SALE OF REAL PROPERTY BY SCHOOL DISTRICT

NOTICE IS HEREBY GIVEN:

That at a regular meeting of the Board of Educaton of the Nevada City Unified School District, held on April 14, 1941, the following resolution was adopted, to-wit:

"The question of the sale of a portion of Lot Three (3), of Block Twenty-four (24), of the city of Nevada, county of Nevada, state of California, was presented to the Board of Education and it appearing that the hereinafter-described real property is no longer necessary for public use and it is desirable to sell the same,

"BE IT THEREFORE RESOLVED that all that certain real property situate, lying and being in the city of Nevada, county of Nevada, state of California, and more particularly described as follows, to-wit:

"A strip of land six (6) feet in width lying along the southerly boundary of Lot Three, of Block 24, of the city of Nevada, county of Nevada, state of California, as said lot and block are designated upon the official map and survey of said city of Nevada, made by H. S. Bradley in the year 1869, and more particularly described as follows, to-wit:

"Commencing at the northwest corner of Lot 4, on the east side of Pine Street, from the corner of Pine and Cottage Streets bears S. 36° 32' E. 120.04 feet and running thence along the line common to Lots 3 and 4, in Block 24,—

1. N. 61° 38' E. 108.42 feet to School Street, 122.92 feet from the corner of School and Cottage Streets; thence
2. N. 29° 45' W. 6.00 feet to a point on School Street; thence
3. S. 61° 34' W. 109.40 feet to Pine Street; thence
4. S. 39° 13' E. 6.00 feet to the place of beginning.

shall be sold for no less than the sum of $17.00, for cash, and Monday, the 12th day of May, 1941, is hereby fixed as the date upon which proposals to purchase said property will be received and considered; all such proposals to be filed by 8:00 o'clock P. M. of said date."

That in accordance with said resolution, this Board of Education hereby fixed the 12th day of May, 1941, at 8:00 o'clock P. M. of said day, at the office of said Board, at the Nevada City Elementary School in the city of Nevada, County of Nevada, State of California, as the time and place at which proposals for the purchase of the property above-described will be considered and all proposals for such purchase will be received up to said time at said place.

Dated: April 14, 1941.

CCC Youths Have Fancy First Names

In any group of 193 men there are likely to be some fancy names, but the parents of the southern boys in Grass Valley CCC camp outdid the low of averages. As all good parents, they probably gave their offspring names indicating beauty, manliness, individual personality or originality, in order to relieve the monotony of the Brown, Smith, Jones, et al, inherited at birth.

Here are some first names found on the payroll of the local camp, but seldom heard around the barracks:

Maddry, Tendrue, Veston, Burnie, Dallas, Bluford, Wilbert, Dall, Hardie, Espie, Dover, Coy, Harmon, Ottis Donal, Rudie, Arrighi, Burl, Selmer, Welzie, Arlin, Radus, Ironford, Talmadge, Vintage,, Condary, Elice.

And take it from the forest service foremen there isn't a sissy in the bunch.

College Of Pacific Band Will Play In Nevada City Friday

Through the efforts of Tom Rickard of this city, a student at the College of Pacific, the COP band will present a free concert Friday night at the Nevada City High School Auditorium.

Rev. David H. Ralston of the Methodist Church, who was notified Saturday the band will appear here, said Rickard, who is a member of the band, has been working for quite a while to get the musical group to come to this city.

Leland F. Smith gave a talk on "Conservation" at the Penn Valley Farm Bureau Education Week program on Tuesday night.

Social Events

Miss Iris Murchie Weds Walter Johnson

The Methodist Church in Carson City, Nevada at noon Saturday was the setting for a quiet service which united in marriage Miss Iris Murchie and Walter A. Johnson. Reverend John Harvey performed the ceremony in the presence of the brides parents.

The bride was attired in an amber colored dress with a matching angora jacket. Her accessories were white and tan. She wore a corsage of iris, bouvardier and lilies of the valley.

A wedding luncheon was served at the Hotel Carson, immediately following the service.

At the conclusion of the luncheon, the couple left on a honeymoon trip that will take them to Mammoth Lakes and Southern California. Upon their return Mr. and Mrs. Johnson will be at home to their friends at 315 Birch Street, Roseville.

The bride is the daughter of Mr. and Mrs. Edward Martian Murchie. Her grandparents were the late Mr. and Mrs. John Tapley Oldham and Mr. and Mrs. John Craig Murchie of Nevada City who came to California during the gold rush. She was educated in the public schools of Nevada City and the San Jose State Teachers College. She is a member of the Sigma Phi Gamma International sorority. For the past seven years she has been a member of the Roseville elementary school faculty. Resigning that position at the Easter vacation. Johnson is the eldest son of Mrs. Johanno Johnson of Sacramento and the late G. A. Johnson formerly of Roseville. He attended the Roseville Union High School and the University of Nevada.

He is employed by the Southern Pacific Company in the capacity of machine shop foreman.

WEINIE ROAST

CAMPTONVILLE, April 28.—Mr. and Mrs. W. C. Williams entertained a number of their friends at a weinie roast Tuesday evening at the home on Main Street. The evening was spent in roasting weinies and laying cards. The following were present: Mr. and Mrs. Frank Meggers, Mr. and Mrs. Alvin Molen and daughter, John D. Holt, Mrs. Iva Clark, Mr. and Mrs. Nickols, Mrs. Constance Pfiffer, Misses Cynthia and Virginia Church, Mr. and Mrs. W. C. Williams, Jack, Dick and Howard Williams.

Lola Montez Piano Believed Acquired Here By Mrs. Hames

A piano, believed to have once belonged to glamorous Lola Montez, has been purchased from John Darke by Mrs. J. T. Hames, who is spending several days in Nevada City to confer with H. Ward Sheldon on her mining interests here.

The piano is of beautiful Rosewood and a check with the manufacturers, Broadwood and Sons of England, has led Mrs. Hames to think it was formerly the property of Lola Montez.

Mrs. Hames has a collection of many early American antiques purchased in this vicinity. She said she has found Nevada City to be an ideal place to gather rare antiques.

"I am very proud of my collection having found, I believe,, Mrs. Hames states, "the most beautiful and interesting mining town in the West—Nevada City."

Mrs. Meggers Is Hostess At Tea

CAMPTONVILLE, April 28.—Mrs. Frank Meggers was hostess to a group of friends last Friday at an afternoon tea given at the Meggers home. A very delightful afternoon with the following present: Mesdames Kate Livingston, Rachael Labadie, Sarah Calvin, Grace Pauly, Alvin C. Molen, W. C. Williams, J. W. Morehead, Mrs. Nickols and Mrs. Frank Meggers.

Bulldozing At Brush Creek Mine Finished

J. Hilliard of Nevada City has completed a bulldozing contract at the Brush Creek mine for Fred F. Cassidy of Nevada City.

Cassidy has done a great deal of work developing a ledge on the property and has a development program worked out for several weeks that has for its object the proving up of the property.

Mrs. Leland Smith and her mother, Mrs. Francis Caldwell of Alturas motored to Reno today. Mrs. Caldwell will continue on to Alturas.

FIREMEN DO KIND DEED FOR FORMER CHIEF C. W. CHAPMAN

Honoring a former fire chief eighteen members of the Nevada City Fire Department gathered at the home of Fire Chief Luther Marsh yesterday morning at 8 o'clock, and began to remove the wreckage of the cottage on Prospect street, belonging to Dr. C. W. Chapman, which was destroyed by fire last summer.

With ax, hammer and wrecking bar, the crew under the direction of Fire Chief Marsh rapidly tore down the charred structure to the first floor, leaving the basement and the floor boards of the building intact. These were still sound, it proved.

At noon, on the lawn of the Marsh residence across the street, the Firemen's Auxiliary, consisting of the wives and women relatives of the firemen, served a bounteous lunch.

In the afternoon much of the debris from the burned cottage was hauled away and by evening there was little to indicate the scene of the disastrous fire of last summer.

Dr. Chapman in whose honor this kind deed was done, has been a member of the Volunteer Fire department since some time in the 1880's. He doesn't remember when he first began answering the fire bell with that instant fidelity which has characterized his long association with the department. It was not until shortly after the turn of the century that he took the responsibility of head of the department upon his shoulders.

Prior to his election he served as foreman four years. One year when he should have succeeded to the post of chief, Frank Grissell in line for the position, moved to the bay district and some one else took over the job. He was again about to step into the fire chief's post, when Grissel returned and rather than see Grissel lose all his priority and begin from the bottom again, Dr. Chapman waived his turn and Grissell served his year.

Some of the big fires that Dr. Chapman remembers were those that partially destroyed the Union Hotel, several in the National Hotel, one that practically wiped out the old New York Hotel, and one blaze that almost destroyed the building that stood on the sit of the present Alpha Stores, and incidentally threatened the town with a tremendous dynamite explosion. There were also fires in the old city hall, in Armory Hall and the Elks building, that he remember well.

But when that section of the town burned down, bounded by Deer Creek, Union, Main and Broad streets, Dr Chapman was visiting in Taft. About the time he was telling the firemen there that no fire in Nevada City "ever got into the second house," this whole block was afire.

The following participating yesterday in the "bee" that removed the charred cottage belonging to Chapman, which stands just back of his residence on Sacramento street:

Chief Luther W. Marsh, Asst. Chief Carl T. Larsen, Foreman Carl G. Steger, Foreman Al S. Bates, Byron Landrigan, Max Solaro, M. D. Coughlin, William E. Moulton, Otis A. Hart, Donald E. Steger, Richard James, Thomas O. McCraney, William C. Perry, Ray C. Steger, Howard C. Wyllie, John M. Graham, Elza J. Kilroy, William Hallett, C. W. Chapman.

Women who served the pot luck dinner to the firemen were: Mrs. Luther Marsh, Miss Helen Chapman, Mrs. Elza Kilroy, Mrs. Tony Rore, Mrs. Evelyn Young, Mrs. Miles Coughlin, Mrs. W. S. Perry, Mrs. Al Bates, and Mrs. Max Solaro.

IDAHO MARYLAND

(Continued from Page One)

tinue its present working schedule, abiding by the district court's ruling in the NLRB case and ignoring the wage and hour administrator's opinion.

OFFERED EMPLOYMENT

Visually handicapped men are now offered an opportunity for state employment, according to an announcement made today by the State Personnel Board. A civil service examination for commission salesman, industrial products of the blind, has been scheduled to be given on May 24th.

TAKING A MONTH VACATION

Mr. and Mrs. Richard Worth of the National Hotel left here Friday night for a month's vacation. The Worths will spend much of the time in Chicago, Ill.

Visit With Sofges—

Mr. and Mrs. Will Marsh of Folsom were visitors at the Mr. and Mrs. H. F. Sofge home yesterday. Marsh is purchasing agent at Folsom State Penitentiary.

Miss Florence Rickard of Nevada City and Galen Lough of Westwood, California were married in Reno, at the Washoe County Court House on Saturday. The young couple were accompanied to Reno by the brides mother, Mrs. Joseph Gast. Following the ceremony the newlyweds left for Westwood where the groom is employed by the Red River Lumber Co.

Attorney Frank Finnegan spent Thursday in San Francisco on business.

CAMPTONVILLE, April 28.—Jack O. Montgomery had the misfortune of injuring his ankle Tuesday when a timber slipped off a truck at the Heether Saw Mill and struck him.

Mr. and Mrs. Don Humphrey and family have motored to Sierra Valley where they expect to spend the summer.

Nevada Theatre

MONDAY

Strawberry Blonde James Cagney and Olivia De Haviland in a comedy of the "good old days" of the Nineties. Cagney, a correspondence school dentist pitches a game of horse-shoes with his friend the Greek barber. It starts from there.

TUESDAY and WEDNESDAY

Road Show Adolphe Menjou, Carole Landis and John Hubbard are the stars in this comedy of girls, gags and gaiety. There's the old shell game again and a lot of jolly suckers, and there are hit tunes galore. Plenty of hocus and fun.

THURSDAY AND FRIDAY

Buck Privates Lee Bowman and Abbott & Costello are wowing the customers with their hilarious and moving military drama of the up-to-the-minute rookie who has been "selected" for service and many other things.

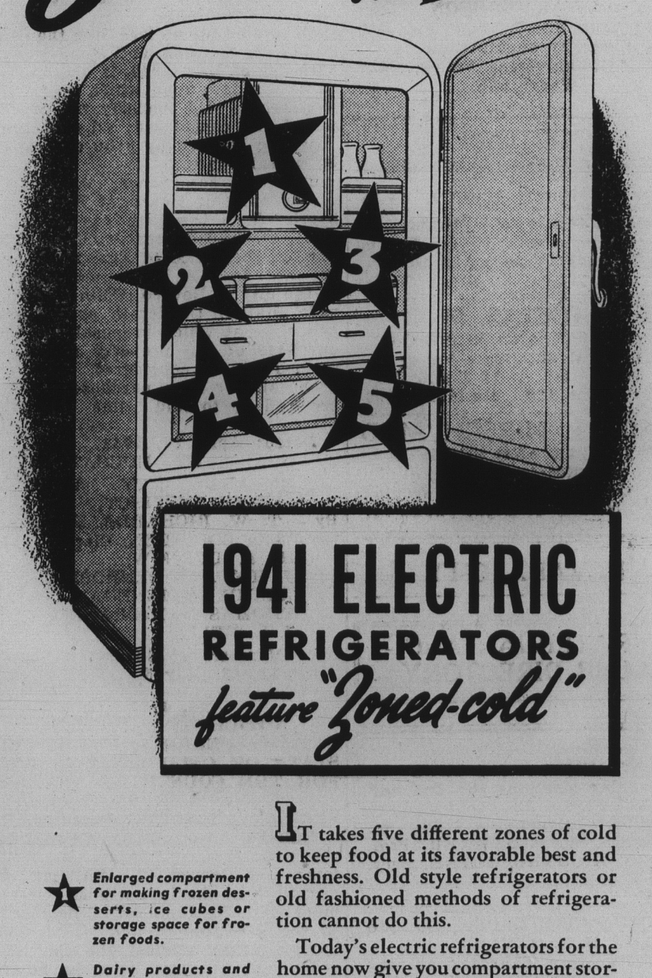
5 Refrigerators in one!



1941 ELECTRIC REFRIGERATORS feature "Zoned-cold"

1 Enlarged compartment for making frozen deserts, ice cubes or storage space for frozen foods.

2 Dairy products and tall bottles storage space alongside freezing coils.

3 Meat safe for keeping meats fresh and tender at butcher shop temperature.

4 Delicatessen storage where money saving left-overs are kept at safe cold 'til needed.

5 Fruit and vegetables freshener — spacious compartments that hold a large supply.

IT takes five different zones of cold to keep food at its favorable best and freshness. Old style refrigerators or old fashioned methods of refrigeration cannot do this.

Today's electric refrigerators for the home now give you compartment storage. There is the right place for everything where foods are automatically refrigerated at proper temperature.

This orderly storage of food means more food can be stored in these 1941 Electric Refrigerators. At today's low prices you get better electric refrigerators — more for your money.

When you buy your new electric refrigerator this year make sure you get one that's big enough and get a refrigerator completely equipped.
